

The 2006 US Forces Europe Racquetball Championships were held 24 Jun at Ramstein AB, Germany. The championships were attended by 38 participants from six countries (Germany, Italy, Portugal, England, Kosovo, and Turkey). Three divisions were contested (Open, B, C). We utilized the new south side fitness center as well as north side, which gave us access to six courts and resulted in the tournament being completed in one day. Many positive comments from athletes about the quality of the courts and the host staff. The following individuals placed in this year's championships.

Division

Base

"Open"
